

my golf kaki joins Orchid Country Club as an Affiliate Member

We are pleased to inform you that with effect from 1st April 2015, *my golf kaki*, as an organization, will become an Affiliate Member of Orchid Country Club. Given the close relationship of both entities with the labour movement, this move will allow us to synergise our resources and in the long run, help us to serve our members better.

As Orchid Country Club is a recognized Ordinary Member of the Singapore Golf Association (SGA), our affiliation will not require *my golf kaki* to remain an Associate Member of the SGA. Henceforth, the USGA Handicap Index of *my golf kaki* members (with the exception of Associate members) will be recognised and categorised under Orchid Country Club in the National Handicap Book which is found on the SGA website.

Please take note that we will continue to render our services at 80 Rhu Cross, S(437437) and that there will be no change in the administration of our membership services. *my golf kaki* will continue to explore ways to offer more exciting benefits and activities for you as our valued member.
